

ATTENTION: INDEPENDENT CONTRACTORS

Henderson Trucking is Excited to Announce a New UTBA Sponsored Program Available Through Settlement Deduction for Independent Contractors and their Families!

Cottingham & Butler and UTBA (Universal Trucking Benefits Association) have partnered together to offer an exclusive program for independent contractors. Through this association you will be eligible to enroll in **Health Network Membership Plans** which provide visits to any Health Network Clinic. **With this membership there are no copays, no deductible in-clinic service, and no pre-existing conditions or ages restrictions.** And the convenient locations help drivers save 4-6 hours per visit = More time spent moving freight. For **\$20/week for Individual** and **\$30/week for Family**, you will have access to Health Network Services shown below.

Critical Health Challenges for Fleets and Drivers

- Drivers need convenient access to medical clinics where they can park their truck.
- Over 50% of drivers have a pre-existing condition (hypertension, diabetes, high cholesterol) requiring regular clinic visits.
- Health insurance alone does not help drivers manage their conditions due to high deductibles.
- Unhealthy drivers are a major contributor to high driver turnover.

Health Network Services

NO COPAY / NO DEDUCTIBLE IN-CLINIC SERVICES / NO PRE-EXISTING CONDITIONS OR AGE RESTRICTIONS!
